ISSUE NO. 110

SHA'BAN 1443/MARCH 2022

THE X FACTOR

The X factor is the variable in a given situation that could have the most significant impact on the outcome.

Sha'ban is the 8th month of the Islamic Calendar and it precedes the blessed month of Ramadhan. It contains a night known as **the night of emancipation from the fire, which** falls on the 15th night of Sha'ban. This is one of the many platforms afforded to us by Allah Ta'ala in securing Salvation.

However, conditional to the attainment of salvation is abstention from Haraam, for we all are aware that Halaal is an integral part in the life of a Muslim. Not only is it a direct command of Allah Ta'ala mentioned in the Noble Qur'aan but it also has a direct link with virtuous deeds. The acceptance of supplication and prayer depends squarely upon the type of food that nourishes one's body.

It is on the basis of this bond that many a pious people have noted: *"In accordance with the proportion of Halaal a person consumes, likewise will be the inclination, desire and ability to do good deeds."* The greater the abstention from Haraam, the easier the attainment of salvation.

Consuming Halaal and abstaining from Haraam is the X factor in the acceptance of Du'aa. Allah Ta'ala says in the Qur'aan, *"O! Messengers! enjoy (all) things good and pure, and work righteousness: for I am well-acquainted with (all) that you do."* (Chapter 23, Verse 51)

We earnestly request your du'aas and support to help us in fulfilling our 25 year old mission of Serving Halaal.
